

Illosvay Family Furnace Fund.

The Illosvay family is a Hungarian family from Berekszasz, Ukraine. They are a family of fifteen, they are raising 3 of their own children and 10 foster children that have serious physical or mental deficiencies. They get funds for the children from the government, enough to feed and clothe them. However in this time of turmoil in their country all aspects of life have become a challenge. Electric prices have skyrocketed. Their heating bill will be around \$500 per month, while their income is only \$400 per month. They would like to replace their electric furnace with a furnace that will also use wood. However, the cost to replace their furnace will be \$4000. Winter is upon us and they will have to start heating. They have turned to us for help. We've known them for years and they don't like to ask for monetary help. Their older children are active in Hungarian Scouting; this is how we got to know the family.

Please find it in your heart to donate to this very special loving, Christian family.

All donations will go directly to pay for the new furnace.

Please send your donation by **November 1, 2015.**

Please write checks to: West Side Hungarian Reformed Church
in the memo: Ilosvay Furnace Fund.
